Challenge #9: Video and Forms

Adding a Facebook video brings the social vibes directly to your website. Let's make your content more engaging and shareable!

Embedding Facebook Video:

Get the Facebook Video URL:

- Find your desired video on Facebook.
- Click on the video, then click "Options."
- Select "Embed" and copy the provided code.

Insert the Code:

- Use the copied code where you want the Facebook video

```html
<div id="iframe-container">
    <iframe src="https://www.facebook.com/plugins/video.php?height=420&href=https%3A%2F%2Fwww.facebook.
        com%2F100080792927206%2Fvideos%2F697607605568674%2F&show_text=false&width=560&t=0"
        scrolling="no" frameborder="0" allowfullscreen="true" allow="autoplay; clipboard-write;
        encrypted-media; picture-in-picture; web-share" allowFullScreen="true" id="play-vid">
    </iframe>
</div>
```

Contact Forms: Let's Get Social!

Time to connect with your community! A contact form is the gateway for users to reach out. Let's sprinkle some form magic:

Designing Your Contact Form:

Create the Form:

Use the <form> tag to start your form.

Add <input> tag for user input.

Styling Your Form:

Use CSS to style your form elements.

Make it visually appealing and easy to use.

```html
<form class="form-flex" id="form3">
    <h6>
        <span>*</span>
        Please Make sure to provide your correct Contact
        Number and Email Address.
    </h6>
    <div class="fill-up-list-container">
        <h3>Emergency Contact</h3>
    </div>
    <div class="fill-up-list-container">
        <input type="text" class="fill-up-list" id="efname" required>
        <label for="efname" id="efirst" >First Name</label>
    </div>
    <div class="fill-up-list-container">
        <input type="text" class="fill-up-list" id="elname" required>
        <label for="elname" id="elast">Last Name</label>
    </div>
    <div class="fill-up-list-container">
        <input type="text" class="fill-up-list" id="relation" required>
        <label for="relation" id="relate" >Relation</label>
    </div>
    <div class="fill-up-list-container">
        <input type="tel" class="fill-up-list" id="etel" required>
        <label for="etel">Contact</label>
    </div>
</form>
```

```css
.form-container{
    width: 1200px;
    height: 1050px;
    margin-inline: auto;
    padding-inline: 15px;
    box-shadow: 1px 1px 20px □rgba(47, 45, 45,.1);
    overflow: hidden;
    margin-bottom: 30px;
}
.form-wrapper{
    margin-inline:50px;
    padding: 8px;
    position: relative;
}
.form-flex {
    padding: 50px;
    width: 100%;
    position: absolute;
    transform: translateX(110%);
    transition: all .5s;
```

And there you have it! Your website is now ready for social video vibes and community connections. 🌐 ✨
